## What states can optician

April 02, 2017, 02:56

Refractive errors often are the main reason a person seeks the services of an optometrist or ophthalmologist. But what does it really mean when we're told that . An optician, or dispensing optician, is a technical practitioner who designs, fits and dispenses corrective lenses for the correction of a person's vision. Opticians determine the specifications of various ophthalmic appliances that will give the necessary correction to a person's eyesight.. A fully credentialed optician in the United States is college educated in . Refraction determines the lens power you need to compensate for any refractive. However, an optometrist will use eye drops with patients who can't respond .
